Chicago, August 21.—Grand Commander, Bruce B. Lee, of California, was interviewed yesterday. He said California intended to give the Knights a warm reception in 1883, keep them as long as they would stay and send them home so happy that they would want to come again. In the parade there would be 2,000 to 5,000 Knights instead of twelve hundred. There would be fine weather, cheap excursions, open theaters and plenty of hospitality. As soon as they got home they would contract with the hotel keepers for all the transient rooms they will probably have at that time. These rooms will be held by a committee in Chicago, and no man living west of the Sierra Nevada can get one of them for love or money. They will be kept, first exclusively for people from abroad, these from Maine, Massachusetts and other distant points, and those that are nearer home can arrange their own accommodations, something they can easily do at any time. The hotels we are assured will charge regular rates and no more. San Francisco cannot afford to do anything else and there will be no camp. We had enough of that here. "Will the millionaires of the coast contribute as liberally as has been supposed?" asked the reporter. "We don't ask and we don't want our rich men to do anything. The Commandries will provide for all the necessary expenses." "What about your alleged liberality in the matter of paying visitors expenses west of Omaha?" "There was a good deal of talk about that. We never made any such promise. We simply guaranteed that officers and members of the Grand Encampment, two or three hundred of them, should go from Omaha to San Francisco and return for fifty dollars, and that if the railroads would not do it we would, but the railroads will. Arrangements of the Commandries will not not be perfected for some time but our visitors will have plenty to do while they are with us, and will not suffer for want of accommodations.

Chicago, August 21.—The grain market has been rather excited and the tendency has been strongly up during the whole of the past week. This was notably true of corn and oats, and the advance in these cereals was out of proportion to those of wheat. The discouraging reports from the corn regions was the cause of the flurry and the latest reports are not much more favorable, for the drought continues so severe that many fields are partly, or wholly, ruined. That the great body of the corn crops is much damaged is by no means likely, and when the bulls have had their way the bears will doubtless take a turn. The present rise is quite natural inasmuch as the long depression in prices has given some operators, one in particular, in the Chicago market an opportunity to get large amounts of corn at low prices and they are now doing their best to put prices up. They are opposed by a heavy clique on the other side also. The tremendous receipt of corn continues unabated and were it not for the readiness of the British market to take all the corn offered we should have been at the bottom now instead of very near the top as they appear to be. Wheat is strong, but only in sympathy with corn. Provisions have also been excited and are tending higher. With the skilled management of the veteran cornerers, who have all the pork, and who are squeezing the sports, one or two firms have suspended, and one who was supposed to be financially solid has refused to respond to margin calls and is accused of being practically insolvent. Prices

of pork reached the highest to-day that they have done for many years. The stock of grain has increased about half a million bushels, and just at present it is not moving out very fast. The receipts of wheat were a little larger in '79; those of corn a million and quarter less, and oats about the same.

Vienna, August 21.—A telegram from Belgrade reports that since Melon's journey to Isthy the resignation of M. Rystens cabinet has become inevitable and that henceforth the adhesion of Serbia in a military sense to the Austro-German alliance is looked upon as settled. It is supposed moreover that the new cabinet would meet with certain readiness on the part of Austria to agree to a treaty of commerce which Rysten appealed in vain to Austria to conclude and which would incline Serbia still more towards an Austro-German alliance.

Chicago, August 21.—The condition of the city has been the opportunity of the theaters during the past week and the excellent acting made the week quite remarkable in a financial and artistic sense. The "False Friend" at Hayley's has been played to large houses, and been the rage at McViker's and both branches of the Britannica. The West side Varieties have also done excellently and the season is likely to be a lively one. Dasul's new company of burlesque actors will open at the Olympic on the 20th of October.

New York, August 21.—The examination of Liamator Eljahalleon, an insurance broker accused of negotiating for \$100,000 in bonds stolen from the Hannibal and St. Joe was continued to-day. There was a large attendance of Wall street brokers. A sensation was caused by Police Inspector Burnes preparing another charge, alleging that in February last the First National Bank of West Point, Conn., was robbed of a large amount of securities, among which were \$111,000 belonging to Francis Sherwood. These were traced to the Third National Bank of this city.

Washington, August 21.—The War Department received to-day the following telegram, forwarded by Gen. Hatch from Fort Bliss: Doctor Cummings reported to me at 10 a. m. that Victorio's band is in Sierra de la Candelaria about sixty miles from El Paso. Two Mexicans were killed by the Indians in Puerto de Venturas mountains. Col. Valle has gone to Chihuahua. Nothing is known of the whereabouts of the Mexican troops.

Norfolk, Va. August 21.—A duel between Hope and Mayor Lamb was prevented by the arrest of the Mayor as he was leaving his house for the place of meeting at four this morning. He was taken before a magistrate and bound over in \$20,000 bail to keep the peace. Capt. Hope evaded the police and reached the rendezvous. He will return to the city and give bonds to observe the peace.

Sentari, August 21.—Much excitement exists among the Albanians since the sudden and unexpected departure of the Turkish Governor and much anxiety is expressed in regard to the attitude which his successor Risa Pasha will take. Whatever that attitude may be it is the determination to resist any cessation of territory. Depredations have already begun in the district of Dulcigno.

Simla, August 21.—Gen. Stuart's headquarters have been re-established at Jilalabad. All is well with his command and the country is quiet. According to information brought by the natives Gen. Roberts is on the way to the relief of Candahar. It is stated that the tribes of men with Ayob Khan being impatient he has resolved to make an assault on Candahar before relief arrives.

Washington, D. C., August 21.—During the year ended June 30th last 457,243 immigrants arrived. In the year of the greatest immigration in 1873 there arrived 459,803 immigrants. During July past there were 49,922 immigrants, of whom 11,000 were from Germany, 6,000 from Ireland and 5,000 from England.

London, August 21.—The celebrated actress Mrs. Charles Kean, (Ellen True) who retired from the stage on the death of her husband is dead.

Worcester, Mass. August 21.—The Sathett Mill of B. F. Larned burned to-day. Loss \$80,000; insured at \$40,000.

Springfield, Mass. August 21.—The postponed trot for 225 horses was trotted out on the Hampden Park track to-day. Patti the favorite, broke down with a bad strain across the loins and was distanced on the third heat.

Morristown, Tenn., August 21.—A fight between a drunken man and city officers last night resulted in the death of town Marshal Jas. T. Morris and Ben F. Richardson and the dangerous injury to Sheriff Lope.

Saratoga, August 21.—The handicap two and one-eighth miles Gen. Phillips won; Commie F. Second. Time 3:12 1-2. Chick Moto won the mile and one eighth dash; Clarendon, second; Time 2:14 1-4.

Atlantic City N. J.—Boynton and Fernster began their swimming match to-day, the former to swim 11-2 miles and the latter 20. The sea is heavy.

Fernster passed Boynton and won the match by 6 1-2 minutes.

Havre, August 21.—Three hundred thousand dollars in specie was shipped from this port last week by the Steamer Galt for New York.

London, August 21.—Fourteen hundred and fifty weavers of Batton have struck against a reduction of five per cent in their wages.

Monmouth Park, August 21.—Blasens won the three quarter mile dash. Spark, the favorite, second; Strathly third. Time 1:17 2-4.

Saratoga, August 21.—Dan Sporting won the three quarter mile dash; Florence B. second. Time 1:16 1-2.

Milwaukee, Wis., Aug. 21.—The Democrats of the first district nominated Clinton Cobbett for Congress.

Buffalo, N. Y. August 21.—Wercestain, 8; Buffalos nothing.

Cleveland, August 21.—Clevelands, 1; Troys nothing.

WOOL MARKET.

Boston, August 21.—The wool market continues quiet. There are comparatively few buyers who mostly purchase in small lots. The principal demands are for delaine and combings. Select lots meet with ready sales and prices are quite steady. California wool is in moderate demand, pulled wools move slowly and prices are unchanged. For foreign wool there is more inquiry and carpet wools are in demand. Sales include Ohio and Pennsylvania fleeces x x x and No. 1 44 @ 48; Michigan x and medium 40 @ 42; Wisconsin x and No. 1 40 @ 42; New York low and x fleeces 35 @ 39; combed and delaine 40 @ 42; unwashed combings 27 @ 32; Michigan, Kentucky and Indiana 35 @ 38; Georgia 36; Territory 25 @ 32; Texas 32; unwashed and shorn delaine fleeces 25 @ 27; suiter and x pulled 40 @ 42; Australian 17 @ 44; Cordova carpet and English combings 40 @ 42; National 32; English pulled fleeces 40 @ 42.
